A Embaixada da Ucrânia na República Portuguesa apresenta os seus melhores cumprimentos ao Ministério dos Negócios Estrangeiros da República Portuguesa e, a pedido do Ministério do Desenvolvimento, Comunidades, Territórios e Infraestrutura da Ucrânia, tem a honra de divulgar uma nota pertinente sobre um projeto-piloto para a administração das filas de camiões no ponto de passagem da fronteira internacional da Ucrânia para os transportes rodoviários "Yahodyn - Dorohusk".

Em dezembro de 2022 foi lançado um programa eletrónico que facilitasse a passagem da fronteira ucraniana para camiões, a "*Fila eletrónica de passagem da fronteira Yahodyn - Dorohusk*", que tem como fim permitir às operadoras o pré-registo e atravessar a fronteira a uma hora predeterminada para os camiões, de modo a evitar o congestionamento do tráfego rodoviário.

Em anexo enviamos a respetiva nota com mais detalhes sobre o programa.

A Embaixada da Ucrânia na República Portuguesa aproveita esta oportunidade para reiterar ao Ministério dos Negócios Estrangeiros da República Portuguesa os protestos da sua mais elevada consideração.
